Charles K. Cummings, Jr.

In Memoriam

Carl Tracy Rhoades

He served the town for many years as teacher, coach, submaster, principal of the High School, and superintendent of schools.

Kindly, quiet, and just, he was respected and beloved by students and faculty alike.

Judith Winifred Arnold

December 9, 1929 — Radcliffe
Winchendon

"Judie" joined our ranks in the tenth grade and since then, Spring and Fall, Judie has been teased about baseball,—that is, about Ted Williams. This she bears with remarkable composure.

In "The Fighting Littles" she gave an excellent performance as the club woman, Mrs. Harpeddle, and, quite appropriately, is an enthusiastic supporter of the Discussion Club.

We have been unaware of Judie's ambition to be a doctor, but could not fail to know that she wants to see all the games in which the mighty Ted plays.

"The Fighting Littles", Discussion Club, Chanticleer Staff, Operetta 2 years, Civic League

Weston Blake, Jr.

February 26, 1930 — Dartmouth
Jamacia Plain

Sports-loving "Westie" has been one of the few who have managed to stick it out for twelve years at Weston. He has filled his time with dozens of activities, earning high marks at the same time. He contemplates a busy future, too, since his ambitions to be a skier in the Olympics and a successful research chemist will call for a great deal of study. He intends to go to Dartmouth, then M. I. T., and eventually study in Europe.

Football 4 years, Glee Club 4 years, Class Officer 3 years, Student Council 2 years, Baseball 1 year, Discussion Club, Yearbook staff.

Harold Winthrop Coburn

August 3, 1928
Waltham, Mass.

"Chubbie" is one of the athletic-minded members of the class and has played baseball and football all during high school. He considers sports as his hobby, but his serious aim is to attend Maritime School and become a sea captain. With his good humor and energy, we know "Chubbie" will reach his goal.

Football 4 years, Baseball 4 years, Operetta 3 years.

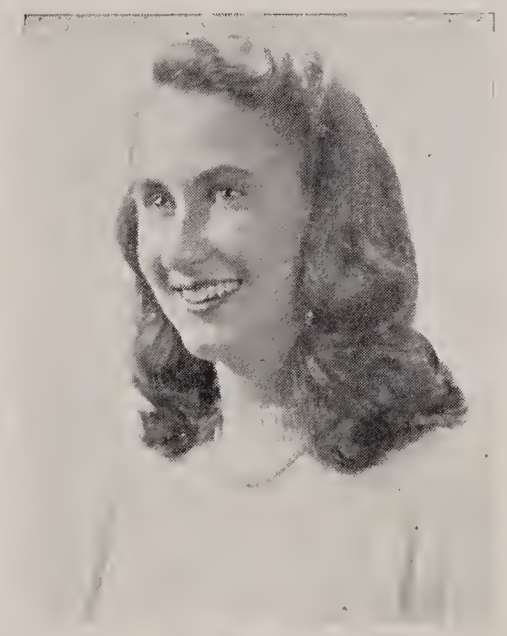
Priscilla Mae Compton

August 18, 1930 — Modeling School
Waltham, Mass.

"Tilla" is an old standby since first grade and pigtail days and she is now our crack secretary, holding two positions at once; secretary of the Glee Club and also the Speech Arts 9:20 Club

Tilla, who hopes to become a model, loves crowds of people and therefore revels in the atmosphere of the "Tote", but when she can be found at home, it is in an oversize old shirt, eating anything and everything *but* onions.

Glee Club 4 years, Glee Club Officer 1 year, 9:20 Club Officer 1 year



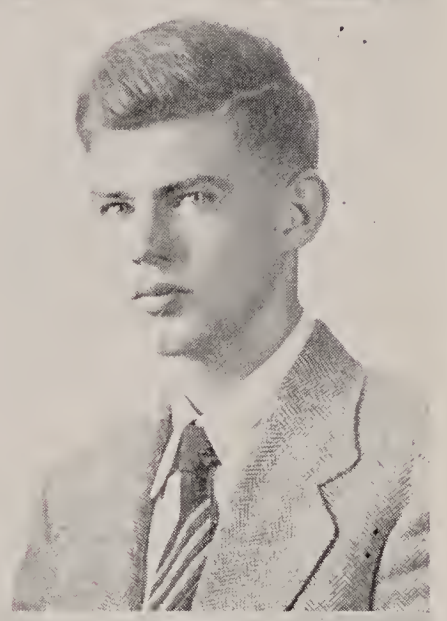
Thomas Everett Damon

September 4, 1929 — Undecided
Waltham, Mass.

We all like "Tom", even though we envy his ability to get his homework done on time without complaining. This industry certainly was a help to him when he had charge of locating properties for "The Fighting Littles" this year.

Tom's surprising hobbies are electric trains and movies, and his favorite sport seems to be baseball. He is undecided about the future, but we are sure he will be able to enter any college that appreciates a good, steady worker with an abundance of determination and energy.

Baseball 1 year, Yearbook staff, Properties manager—"The Fighting Littles"



Warren Cudworth Davis

May 10, 1923 — Massachusetts State College
Springfield, Mass.

"Dave", the very latest addition to our class, came to us from the Air Corps where he was a radio technician. Radio is also his hobby, but his intentions for the future incline more to soil conservation work. During the short time he has been here, we have noted his able reasoning and sound judgment, the result of his many experiences. We hope that Dave fulfills his ambition to be an agronomist, and wish him the luck he deserves.

Margaret Viriginia D'Intinosanto

April 6, 1930 — New England Conservatory of Music
Weston, Mass

Margaret, more generally known to her classmates as "Maggie" or "Dintin", is one of the few people in our class who started here in the first grade, and she has been amusing us with her witty remarks ever since. Maggie, whose favorite hobby is singing, and who has been noted all through high school for her ability along that line, hopes to go to the New England Conservatory of Music, where we predict for her a brilliant success.

Glee Club 4 years, Operetta 4 years, Discussion Club

Constance Beverly Emory

April 7, 1930 — Mt. Ida
Boston, Mass.

"Connie" has participated in many diverse activities in the short time she has been at Weston and has been successful in all her undertakings. She says she has no ambition, but has dreams of becoming a writer. One of her likes is driving fast cars, but she will probably have her fill of speed after college when she becomes an airline hostess.

Hockey 1946, Basketball 1946, Queen's Court 1946, Cheerleader 1946, Glee Club 1946-1947

Nancy Flint

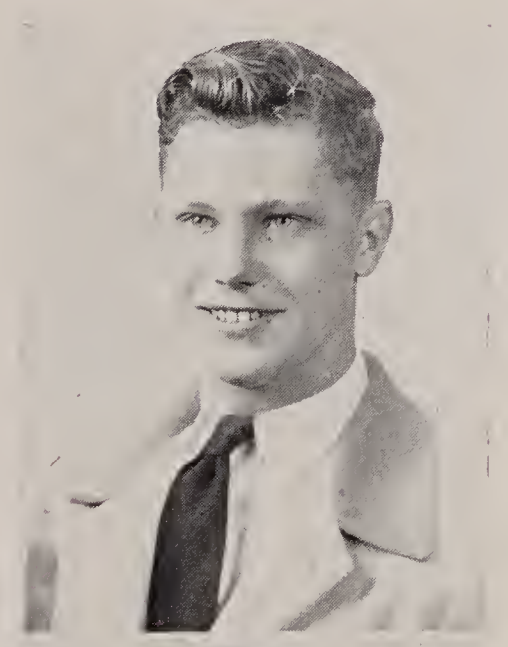
January 30,1930 — Wheelock

"Blimp" was a newcomer to us at the beginning of the fifth grade and through the years she has become well loved by all her class mates. She always has a smile for everyone, even though she is teased to death about the milkman.

As we recall our Weston High School days, we shall remember how on Christmas Eve, 1946, Nancy's beautiful voice thrilled the Murphy General Hospital when the chorus entertained the soldiers there.

Nancy, loving children, wants to become a nursery school teacher, and we can imagine the children being enraptured by her splendid voice.

"The Fighting Littles", Hockey 3 years, Operetta 4 years, Basketball 4 years



Clyde Foote

March 29, 1929 — Stoekbridge
Waltham, Mass

Clyde, known to most of us as "Footie"', started with our class in the first grade. Without him the school plays and operettas would have seemed impossible, for he has been our chief electrician at all given in the past four years. He works afternoons at the cemetery and is an active member of the "Spooks Club". The Elizabethen Play House he made for the English department will be appreciated by later classes. Clyde hopes to become a farmer after going to Stockbridge, and we wish him the best of luck in his work.

Chief Electrician at School Plays and Operettas

Rose Susan Gage

October 23, 1929 — Burdett
Somerville, Mass

Rose, the domestic member of our class, joined us in the second grade, and has remained with us from that time. She is very fond of music and her favorite pastimes are sewing and cooking, which seem to fit in well with her ambition to be happily married. She plans to continue her education at Burdett or go to work after graduation.

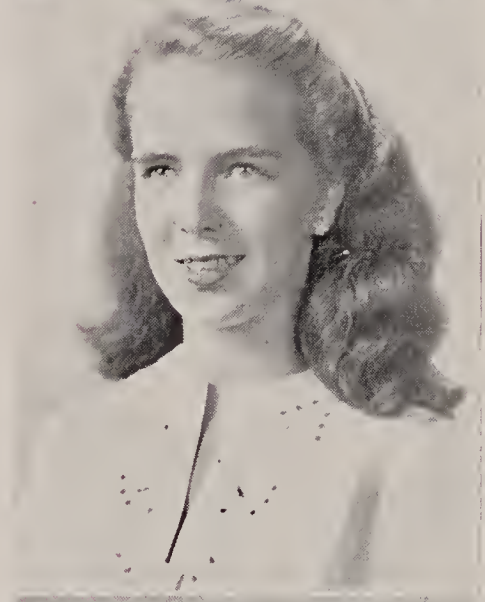
We are sure that Rose, with her agreeable manner and interesting personality, will find the success she deserves.

Charlotte Wheeler Gale

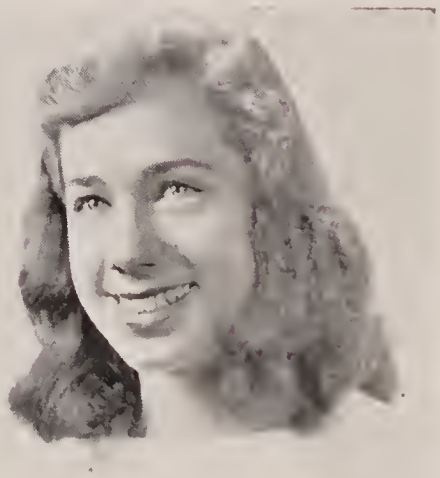
August 26, 1929 — Wheaton
Oakland, Calif.

"Lot", California's contribution to Weston High, joined us in our sophomore year. Coming to Lincoln in 1943, Charlotte is full of contradictions; she wants to get A-4's (to thwart her teachers) and she likes the West—but not movie-made cowboys. Her ambition in life at present is just to go to college, but after that she hopes to return to live in the land of real cowboys.

Play '47, Discussion Club, Glee Club '46, Reporter for Chanticleer



19



Dorothy Anne Gilligan

June 7, 1930 — Middlebury
Boston, Mass.

Except for a two year leave-of-absence in the eighth and ninth grades, "Dag" has been with us from the very first. She participates in many school activities. Her hobby is drawing cartoons, and she admits that she is fascinated by polka dots of all descriptions. Her interest is languages, and in several years we shall probably be seeing "Dag" in the newsreels, successfully realizing her ambition to be an international interpreter.

"Fighting Littles", Class Officer one year, Operetta two years, Cheerleader two years, Chanticleer Staff, Discussion Club

Irma Pearson Gilson

December 2, 1928
Weston, Mass.

"Worm" is one of the old standbys, who toddled into Grade 1 at Weston. Although most of her time is spent reading magazines and spending money, she does have an ambition to be a secretary. She likes dogs and horses, but not conceited boys nor (we suspect) people who make remarks about her hand-knit sweater.

Operetta '47

Irene Marie Havey

October 6, 1929 — Northeastern
Boston, Mass.

Irene, with her sharp wit and lively imagination, joined us in the fourth grade. She is always followed by her pet dog "Roger", although some allege him to be a product of the aforementioned imagination. Her main dislikes are carrots, insincerity, and writing down her personal thoughts; most other writing appeals to her. In fact, she hopes to make it her career.

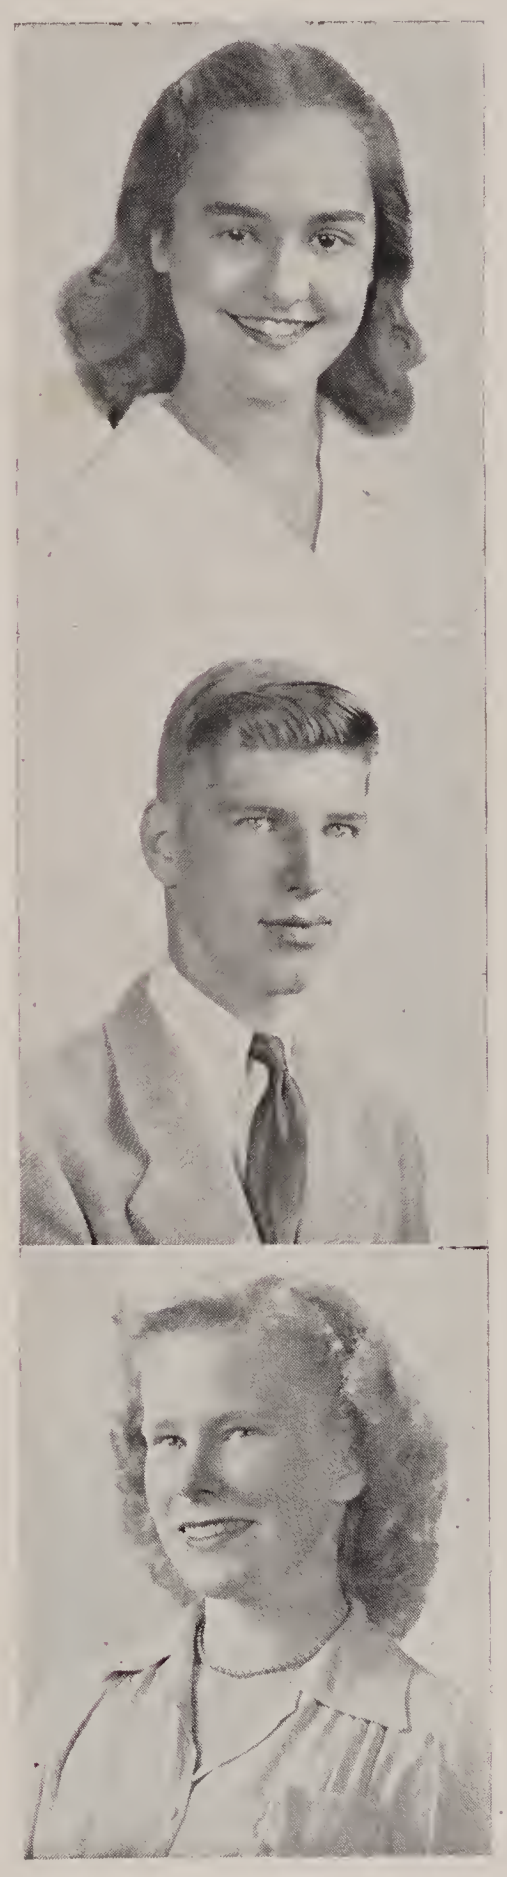
Hockey 3 years, Operetta 3 years, Basketball 3 years
Chanticleer staff

Harriet Anne Howell

May 22, 1930 — Bates
Newton, Mass.

"Harry" is one of these few stalwarts who started in our class in the first grade and has remained with us ever since. She likes all sports, candy, and the Red Sox, and, although she has maintained very high marks, she considers homework her pet peeve. Always noted for her quietness and good nature, Harriet hopes to go to Bates and after that become a secretary or Spanish interpreter or maybe both.

Chanticleer staff, Discussion Club



Robert Joseph Johnson

January 20, 1930 — Boston University
Waltham, Mass.

"Bob" has been with us ever since the first grade, and has been recognized throughout the years as our class comedian. His chief interest in school has been science and he hopes to be an engineer after college. Bob likes to dance, sleep, and enjoy the company of young ladies, although his chief dislike is silly girls. He has participated in many activities, but will be remembered mostly for his work on the football team and his dramatic success as Ham Ellers in "The Fighting Littles".

Football 4 years, Operetta 4 years, Student council 1 year, Discussion Club, Yearbook staff, "The Fighting Littles", "For Her Cheilds Sake"

Evelyn Jean Jones

July 5, 1930 — Wellesley
Brookline, Mass.

"Evie" is one of the youngest members of our class, but ever since she joined our ranks in our sophomore year we have been amazed at the capacity of the cavity where she stores her knowledge. "Evie" plans to go to Wellesley next year, and then she wants to run an animal farm, thus continuing her present hobby, which is raising German Shepards.

Orchestra 1 year, Chanticleer staff, Hockey 1 year, "The Fighting Littles"

19

Lois Kiernan

June 8, 1929 — Undecided
Hanford. Conn.

Although Lois spent only a few months of her senior year with us, her friendly, cheerful manner soon made her well liked by all. We were sorry that she left so soon, but hope to see her again in the future.

Mary Sawyer Kubik

August 16, 1930 — Mt. Holyoke
Boston, Mass.

"Mink" joined our class, rather inconspicuously, along with the other Lincolnites, but in the next years her quietness vanished and her noise steadily increased in volume and now she is one of the more vociferous of the class. Her first love is listening to the symphony every afternoon, and her likes include sailing, piano practicing, and Putney Workcamp. After Mount Holyoke "Mink's" ambitions are to visit France, become a concert pianist, and travel around the world in a clipper ship.

Discussion Club, Glee Club 1 year

Lucy Leatherbee

September 10, 1929 — Junior College
Boston, Mass.

Our Junior Prom Queen, Lucy, has toiled with us since our days in the first grade, and has made a place for herself in everyone's heart. Her carefree ways are most refreshing although they frequently lead her headlong into trouble. Will those Tech Tourney days ever be forgotten when "Lorman", after executing a perfect cartwheel, lost her shoe to the Provincetown stands? Some day she will be traveling in Cuba and we shall say proudly, "We knew her when . . ."

"For Her Che-i-ld's Sake", Cheerleaders 2 years, Prom Committee, Prom Queen, Queen's Court, Discussion Club

John Fiske Loud

January 29, 1930 — Bowdoin
Boston, Mass.

Although in our Freshman year "Jock" made a quiet entrance into our class, the following years found him more and more eloquent, and now he is famous as the Master of Monster words. Jock is one of the musicians of the class, so his hobbies, playing the violin and listening to music, are to be expected. Jock does not state any specific ambition; just wants to be a success.

"For Her Che-ilds Sake", "The Fighting Littles", Chess Club, Discussion Club, Chanticleer staff, Yearbook staff, Baseball '45, Class Officer

John Preston Maron

December 22, 1929 — Tufts
Newton, Mass.

When chess is mentioned around Weston, one is almost sure to hear the name of "Pete", our chess champion, who came to us from Lexington at the beginning of our Junior year. When he is not pondering over a chess board, Pete is busy at his hobby, photography. Next year will find him at Tufts studying hard to become a civil or mechanical engineer, and a certain group of girls will miss the free taxi service to football games that he has generously provided for enthusiastic fans.

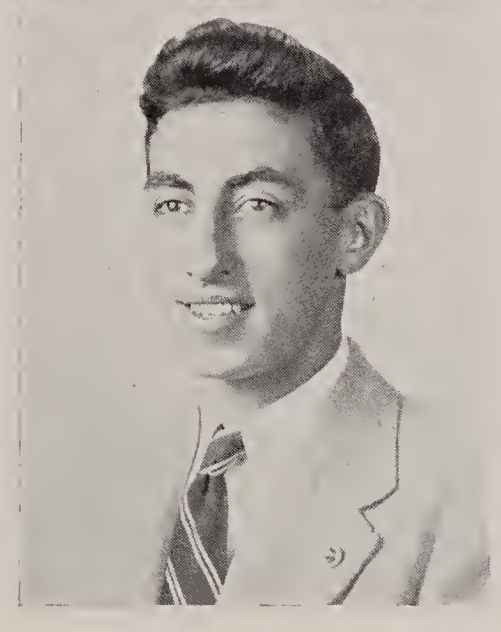
Operetta 1 year, Chess team

Anthony Joseph Melone

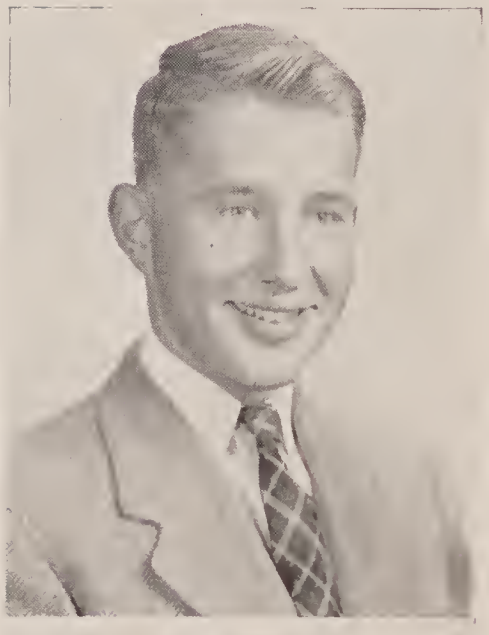
June 9, 1929 — Northeastern
Waltham, Mass.

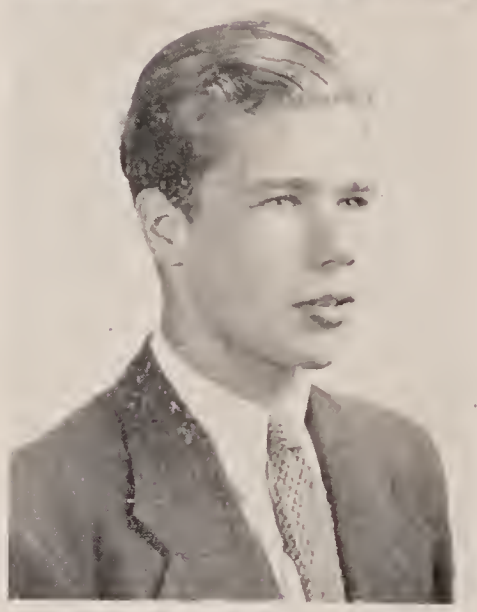
"Tony", who has been with us since the first grade, has been noted for his athletic ability. His favorite pastimes are eating and sleeping, which perhaps account for his constant good humor and energy. As well as participating in all sports, he has been very active in the Glee Club. After college, Tony hopes to go into business for himself.

Football 4 years, Basketball 4 years, Baseball 1 year, Operetta 3 years



19





Francis Cabot Parson

March 26, 1930 — Harvard
Boston, Mass.

Frank came from Waltham when our eighth year of school was half over and things have been popping ever since, because Frank has participated in every school activity. In addition to his many class activities, he has been a star in Weston's sports and even finds time to ride around in the "Deep-Freeze Bomber". Although Frank has been so versatile, or maybe because of this, he wants to retire to a life of hunting and fishing at twenty-five and "notch" in Maine.

Class Officer 3 years, Student Council 3 years, Discussion Club, Operetta 1 year, Football 3 years, Baseball 4 years

Andrew Burr Patterson

September 22, 1929 — Cornell, Harvard
St. Louis, Missouri

"Andy", one of our most versatile classmates, joined us in the Freshman year and since then has been very active in sports, class, and other school affairs. His favorite hobbies are wood-carving and playing the piano, but it is safe to say that among these hobbies he does not number yearbook editing, although he has certainly done a swell job in just that. After college he hopes to become a very prosperous mechanical engineer and we are sure he will succeed in this aim.

Football 3 years, Baseball 1 year, Student Council 3 years, Glee Club 2 years, Class Officer '47, Co-Editor Yearbook '47, Discussion Club

Charles Place

June 29, 1927
Framingham, Mass.

"Charlie", although he started at Weston in the first grade, did not join our class until our Senior year, because he left school to serve in the United States Navy, returning this fall to complete his last year. He has been outstanding in athletics, having played both football and basketball, and he has also been active in the Glee Club. Charlie is not sure what he wants to do after he finishes school, but we wish him the very best of luck in whatever field he decides to enter.

Football 4 years, Basketball 3 years, Glee Club 2 years, "Priorities" '43

Joanne Black Ragan

August 31, 1929 — Fisher
Boston, Mass.

Joanne, who joined us in the fourth grade, has always been interested in acting, and after business school she hopes to do some work connected with the stage. Her favorite pastimes are reading and going to the theater, not to mention an extraordinary capacity for being late. We wish Joanne the best of luck in her stage career, but hope she won't be late and miss her cue.

Glee Club 4 years, Orchestra 1 year, "For Her Chi-ilds Sake"

Miriam Edna Sargeant

July 6, 1930 — Radcliffe
Springfield, Mass.

"Mimi" joined us at Weston in the very beginning; namely, the first grade. Quiet and cooperative, she remained inconspicuous except for her good marks until our senior year, when she was elected co-editor of the Yearbook. Mimi's two chief ambitions are to learn to drive and to get to college, which she hopes will be Radcliffe. Her main hobby is playing the piano. She also enjoys skiing and roller skating. After she finishes college, Mimi hopes to become a teacher. Our schools need girls like Mimi with ability, imagination, and sincerity.

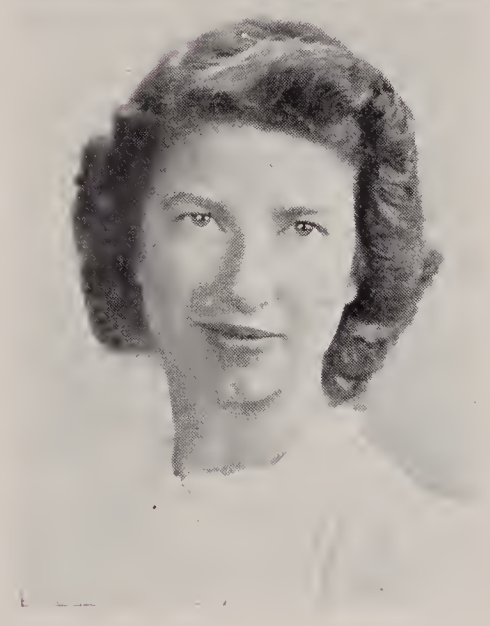
Glee Club 3 years, Operetta 3 years, Co-Editor yearbook '47, Senior Steering Committee, Orchestra, Queen's Court

Carol Saurwein

September 25, 1929 — Undecided
Belmont

Carol came bouncing merrily into our midst during our junior year and ever since has done her best to make enthusiastic baseball fans out of the Class of 1947. Her ambition is to see the Red Sox win 5 consecutive games against the St. Louis Cardinals. Perhaps you can guess her favorite pastime . . . playing baseball! Mr. Zorn will always be grateful for ithe wonderful job she did as chairman of the property committee for "The Fighting Littles". In the immediate future Carol wants to attend a Southern college.

Hockey 2 years, Operetta 1 year, Discussion Club, Properties Committee—"The Fighting Littles"



19

Jay Arthur Schlaikjer

October 5, 1929 — Harvard or Yale
Boston, Mass.

The group of frightened first graders facing Miss Adams in 1935 suddenly heard a singing voice and beheld Jay "with a song in his heart" and an ambition to sing at the Met. His pastimes are hunting, fishing, one-finger pounding on the piano, and of course, singing. Our plays and operettas would have lost much of their sparkle without Jay, and he has also done a wonderful job as editor of "Chanticleer" this year.

Football 3 years, "For Her Chi-ilds Sake", "The Fighting Littles", Operetta 4 years.

Conrad Schofield

October 14, 1929
Waltham, Mass.

Conrad is another one of those select few who have been with our class since the very beginning. In school his activities have ranged from sports to operettas, but he discloses that after school he immediately turns to his favorite hobby—eating. He wants to travel throughout the United States, and after graduating, Conrad hopes to find a job that will enable him to fulfill his ambition.

Football 4 years, Basketball 2 years, Baseball 3 years, Operetta 4 years, Glee Club 4 years.

Betsey Shaw

March 28, 1929 — Junior College
Boston, Mass.

Since she joined us, 'way back in the fifth grade, Betsey has been found in the midst of any and all activities. After graduating, she plans a busy life, too, for after junior college she wants to take up dancing as her career. When she is not occupied with sports or drawing, "Bets" hobby is eating ice cream.

Hockey 6 years, Basketball 4 years, Cheerleader 2 years, "Priorities", Operetta 4 years, Glee Club 4 years, Queen's Court 1 year, "The Fighting Littles".

Dorothy Louise Sheehan

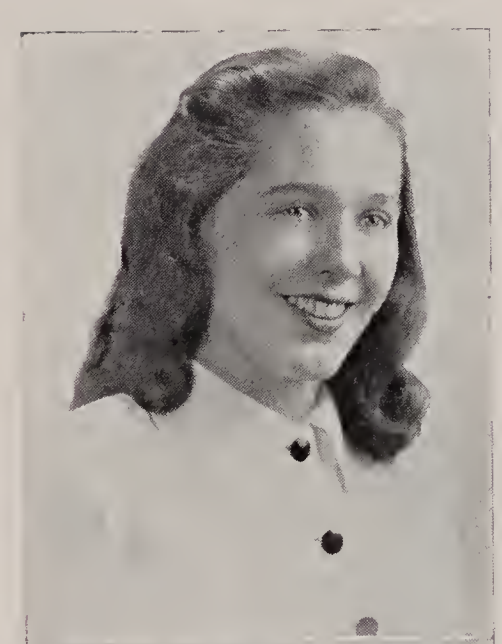
May 18, 1929 — Undecided
Newton

Dot came to us in the third grade and since then has carried on the Sheehan tradition in Weston's sports activities. She has been a swell cheerleader, a captain in hockey, and a star in basketball!

Her long brown curls and sparkling personality helped to make her an attraction as "Antoinette" in "The Fighting Littles" and a beauty twice in the Queen's Court.

Whispering is one of her diversions, but sports are her major field and some day we are sure that we shall see Dottie skating in the Ice Follies.

"The Fighting Littles", Hockey 6 years, Basketball 4 years, Cheerleader 2 years, Operettas 4 years, Queen's Court 2 years, Glee Club President.



Thomas Simpson

February 14, 1929
New York City

Tom joined us in our junior year and ever since then the class has been hearing about radio stations and jive jamborees. Tom has been very active in school and this year he is President of the Glee Club. His favorite occupation is working with radios and phonographs. He hopes to go to Europe after he finishes school. We wish him the best of luck in his radio work, and we think he will make a really topnotch announcer.

Student Council 1 year, Chanticleer staff, "Fighting Littles", Glee Club 1 year, Glee Club Officer 1 year, Operetta 1 year.

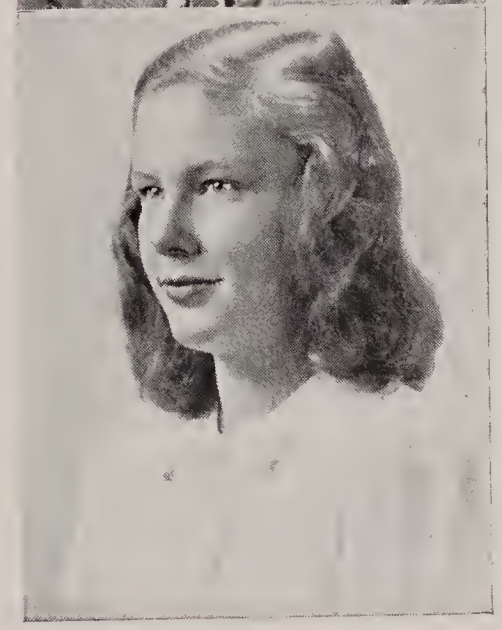
Barbara Travis

September 21, 1929 — Endicott
Brookline

There has never been a dull moment since "Bibs" joined us in 1936 with her spontaneous laughter and happy manner. She is a marvel in anything she attempts: as "Screwball" in "The Fighting Littles" and as captain of the 1947 basketball team. Her perfect imitation of a child's talk shows her interest in children, as her artistic ability is shown in her position on the "Chanticleer" staff.

When we think of "Bibs" it will always be with a smile because her joyous ways have made her a friend of everyone.

"The Fighting Littles", Basketball 3 years, Chanticleer staff, Operetta 2 years.



19

David Upham

May 29, 1928
Hyde Park

"Dave", with his ability to sing and act, has always been an asset to the school. His favorite pastime is collecting and putting together picture puzzles. However, he has managed to appear in many musicals with the Hovey Players, where he has gained a great deal of experience for a future musical career, which is one of his ambitions.

Football 2 years, Basketball 2 years, "For Her Cheeks Sake", Operetta 3 years.

Betsy Ann Van Heest

December 11, 1927 — Museum of Fine Arts
North Weymouth

Friendly, pleasant Betsy, with her amazing combination of athletic and artistic ability, has been a popular classmate ever since her arrival at Weston in the fourth grade. During the last three years she has ably demonstrated the athletic skill of the Van Heest family by active appearances on the basketball court, but art is really her first love. Those who have seen examples of her work certainly must agree that with such a marked talent she is bound to succeed in her ambition to be a fashion artist.

Basketball 3 years, Operetta 1 year.

Kelton Blair Wagner, Jr.

February 3, 1928 — American Banking Institute
Waltham, Mass.

Kelton came to Weston in his junior year, and his presence has been greatly appreciated in these two years, especially his work as a stage hand in all our productions. He likes to listen to records as a hobby, and his interesting ambition is to become a banker. This ambition will no doubt be realized, since Kelton seemed undaunted by the big Weston Bank holdup which he witnessed this year.

Stage hand, plays and operettas.

Charles Willard Walls

April 10, 1929 — Dartmouth
West Medford

"Charlie" has been reasonably steady in all his interests at Weston, but, because his ambition is to lead a happy-go-lucky life, we suspect that there is something of the vagabond in him. His favorite pastime is playing the drums, but he shows unmistakable pleasure at being asked to supervise the modern problems class in Mr. Cummings' absence. (Or does he?) Charlie wants to be a lawyer and have "lots of money".

Operetta 2 years, Class Officer 1 year.

Susan Wiley

January 19, 1930 — Massachusetts State
Cambridge

"Susie", one of the Lincolnites who joined our ranks in the freshman year, has proved to be a valuable classmate with her work on the magazine staff, and her contributions to the High School Poetry Anthology. In spite of her literary bent, Susan has some widely divergent hobbies, among them playing the flute and collecting insects. This latter she intends to make her career, as her ambition is to be an anthropologist.

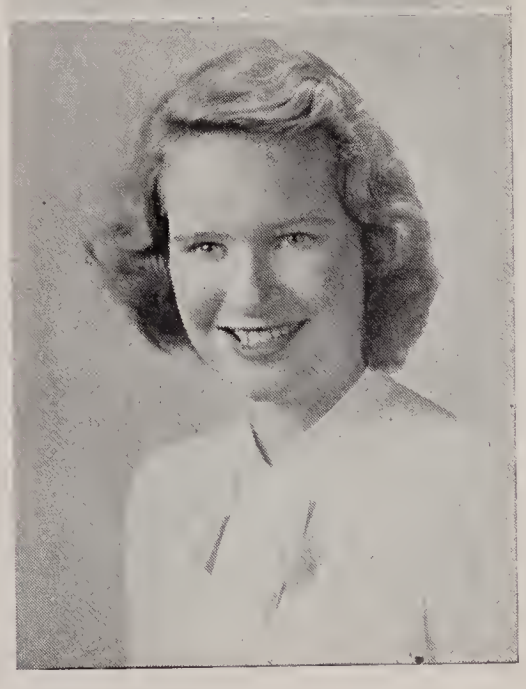
Orchestra 1 year, Discussion Club, Chanticleer staff, Publicity manager, "The Fighting Littles".

Virginia Dorr Williams

May 1, 1929 — Mount Holyoke
Cambridge, Mass.

"Bunny", one of the artistic members of our class, can always be recognized in class as the girl behind the knitting needles. Her hobbies are drawing and reading, and, though art is her forte, she is also an excellent writer. With these talents Bunny cannot help but fulfill her ambition, which is simply to get to college next year.

Hockey 2 years, Basketball 2 years, Yearbook staff, Class Officer 2 years.



Class

The Class of '47 is passing through the portals of learning at Weston for the last time. The long coveted diploma is about to be received by each with a sense of satisfaction in the knowledge of a job well done and the pleasant realization that henceforth he will be known as an alumnus of Weston High School.

Being an alumnus may possibly mean sinking into obscurity as far as the future annals of Weston High School are concerned, but with fellow alumni it gives one the opportunity of indulging in the delightful pastime of "Do you remember the time when . . .? In the history of the Class of '47 there certainly are many incidents one may recall.

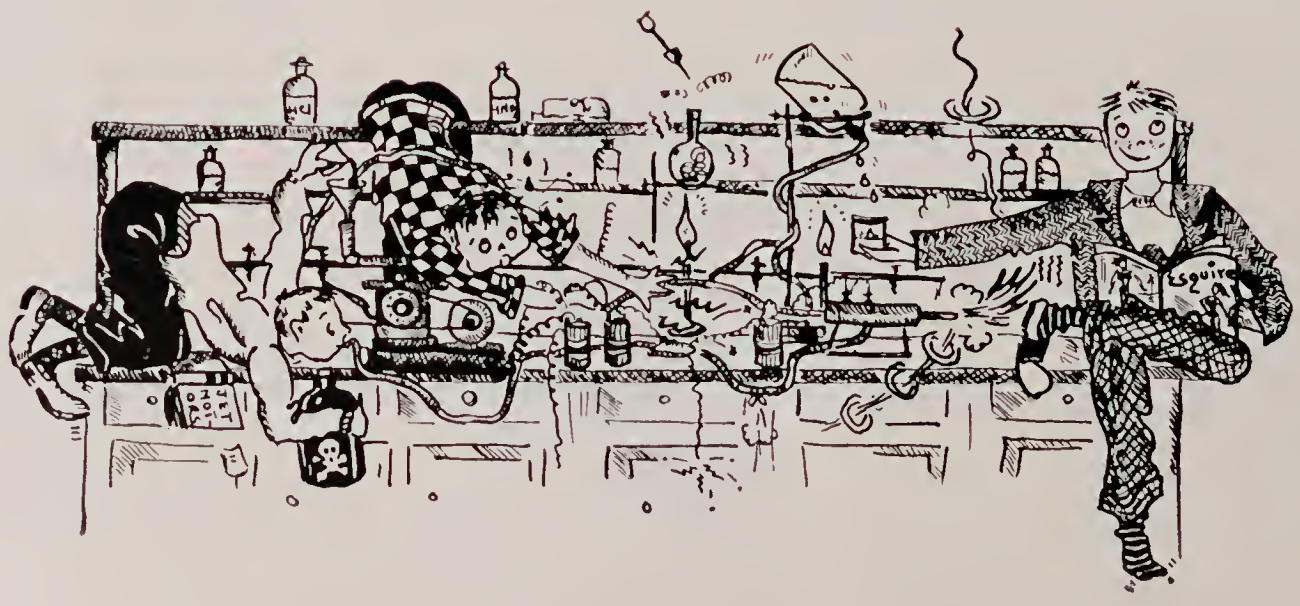
The "least understood" class in the history of Weston High, its members seem to have been cursed with the ability to do the wrong things at all times. Perhaps that is due to the large amount of restless brain power which has been prominent in the class since its introduction to Miss Adams and Weston in '35.

School life in those days consisted of sitting on paper towels (for the youngest members of the group), being in tears, (as Bibs was, at the sight of a dozen little boys and girls excitedly encircling her to the tune of "Ring Around the Rosy"), and vieing for the position desired by all the girls . . . a place on the list of Doug Hammond's ten "best girl friends".

Somehow we survived the ordeals of our first reading and writing lessons and made our way to the "higher grades". As fourth graders we began the battle of sexes with Johnson and Schlaikjer leading the opposition, and Dot Sheehan mapping out the plan of attack for the girls.

In the fifth grade Mrs. Eldred gave us our first taste of real discipline (write Chatterbox 100 times). Then we became the aristocrats of the elementary building . . . sixth graders. We were the ones who rang the morning and dismissal bells, who set the example for the lower grades, who patrolled the driveway in front of the school. Incidentally, the Class of '47 has the honor of first organizing the group of patrol boys which still does such fine work.

Also in the sixth grade the best qualities in each of us were uncovered by "Maggie's" prolonged illness, when we showered her with gifts of jumbo crayons, paper dolls, coloring books, and car-



History

nations, all delivered by the then bashful Bob Johnson.

Then we were in Junior High, a little scared by the bell schedule and the system of slips, as previously described to us by Miss Staples. Soon, however, we got into the swing of things and were listening to Mrs. Hill warning us about the difficulties we would meet in high school.

And what are our memories of junior high? . . . embarrassing moments in Miss Marble's hygiene classes, the parties at Joanne Ragan's house, the temper tantrums we encouraged in one of our members, as well as his deep interest in dead birds, one of which Miss Johnson discovered in her desk.

Mrs. Hill had tried to prepare us for high school. We became freshmen in 1943 and for the next four years we were continually being impressed with the fact that college life would be infinitely harder than high school.

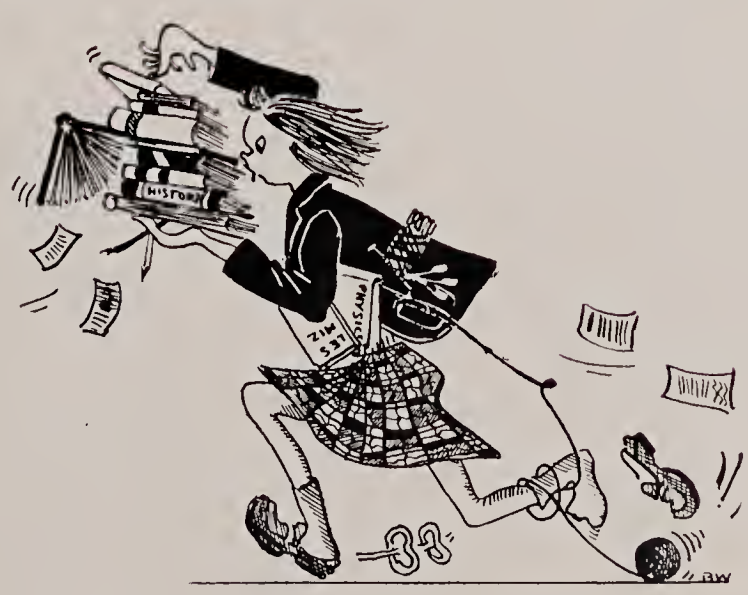
With the encouragement of Miss Spear, the girls spent many Monday afternoons folding bandages for the Red Cross, in an attempt to redeem ourselves in the eyes of our upper classmen, who had tagged us "foolish freshmen."

As sophomores, a group of girls tried to enliven the drab appearance of the corridors by personalizing the lockers with the owners' names in "Red Dragon" nail polish. However, Miss Spear didn't appreciate our artistic efforts and the next day found the group energetically at work with polish remover, although the ring leader was at home, conveniently ill.

By special arrangement, the can-can dance to be given at the Junior Dance was previewed in Miss Harding's Spanish class, to the intense mortification of the dancer whose skirt suddenly became loose and fell to the floor.

Chemistry classes proved the undoing of some of us. How could Tom Simpson have substituted HNO_3 for H_2SO_4? The resulting brown fumes which filled the lab brought his error before the eyes of all. Judie, somehow, once dropped a whole drawer of magnets and spent the better part of the period on her hands and knees.

We know we have left a mark on Weston High School; we sincerely hope it has been a good mark. We believe that the mark Weston has made on us has been a good one and one which will stay with us always.



Last Will and Testament

We, the class of 1947, of the town of Weston, Commonwealth of Massachusetts, being of sound minds and memories, do make, publish, and declare this to be our last will and testament, in the matter and form as follows:

Judy leaves her great admiration for Mr. Cummings to next year's history class.

Weston leaves his gavel to the '48 class president, with a pair of jet propelled skis as a bonus.

Chubby leaves his orange hettle to Frank Jacques.

Tilla leaves Billy to his many admirers.

Tom Damon leaves his level head to Natalie Holdsworth.

Warren Davis leaves his side comments to John Green, hoping he'll never be without an appropriate remark.

Gordon leaves to join "sugar-throat Burns."

Margaret sadly leaves Dr. Fisher.

Connie leaves a little "Itch" to the Freshman class

Nancy leaves in search of the milkman.

Clyde leaves his ability to build Shakespearean stages to any A seeker in English IVB.

Rose leaves her patience in waiting for Air Mail letters to Ginny Colpitts.

Charlotte leaves, helligerently muttering, "California or bust."

Dag at last leaves these green pajamas with white polka dots to any prospective group of Hangover goers.

Irma leaves the clothes at the Touraine Shop to anyone who wants to try to keep up with Anne Russell.

Irene, still bubbling over with class spirit, leaves.

Harriet leaves her knitting ability to Marjorie Graves.

Bob Johnson leaves his harem behind him.

Evelyn leaves her brains for the trophy cabinet.

Mink leaves her argyle business to Bill Nichols, hoping that he'll knit a pair to match his multicolored jacket.

Lucy leaves her diet to anyone who wants to gain weight.

John Loud leaves madly slaying "Jealousy" on his Stradivarius

Preston leaves his crutches to members of next year's gym classes

Tony leaves his athletic equipment to Harding Schofield, knowing it will fit him in more ways than one.

Frank leaves his gismo with a gimick attached to Sam Moore.

Andy leaves out of joint the 88 keys on each of the pianos in the school

Charlie Place leaves his quiet ways to all those noisy students in the library.

Joanne leaves her acting ability to Margery Morgan.

Miriam leaves her musical taste to the members of the orchestra

A Prophecy

Dear Editor of Chanticleer,

We were very pleased to learn that you intend to devote the alumni page of the next issue of "Chanticleer" to the Class of 1947. It was quite a job to discover what some of the members of the class were doing, but with a bit of sleuthing we managed to find almost everyone. We started by visiting dear old Weston High. Whom should we meet there but Susan Wiley, the assistant biology teacher. She told us the other classmates who were still in Weston were Rose Gage, who was happily married; Clyde Foote, who, with the help of Warren Davis, the world-famous agronomist, had a prosperous farm; and Kelton Wagner, president of the Newton-Waltham Bank.

From Weston we decided to take a bus to Fenway Park to see a game. We were rather surprised to find that Charlie Walls now owned the B. and W. Bus Line. And what improvements he had made! He even had radios installed! We turned one on in time to hear the weather broadcast. But it wasn't E. B. Rideout who was reporting— it was Tom Damon! Right after his broadcast, we heard a Crooner Contest. We nearly fell out of our seats when the winner was announced to be Gordon Desmond. Then came the big surprise. We heard a very frightening voice say, "Welcome to the Inner Sanctum—this is Simpson, your host." We hurriedly turned the radio off. Looking out the window, we noticed a sign that said "This Way to Murphy General Hospital and Miss Flint's Nursery School."

We got out at Kenmore and arrived at Fenway Park in time to obtain good seats. The first batter from the Yankee team was up, none other than Tony Melone. The pitcher who struck him out was Charlie "Himself" Place. After that anything could happen. And it did! We turned around to see Carol Saurwein yelling, "Get your ice cream, peanuts, and score cards here!" We escaped from Fenway Park as quickly as possible.

Deciding to look around Boston, we walked down St. James Street, by the John Hancock Life Insurance Company, only now it was the Upham Life Insurance Company. We turned back and walked down Newbury Street and passed two very distinguished dress shoppes. One belonged to Betsey Shaw, and the other to Betsy Van-Heest. We hear that Irma Gilson, the millionairess, buys all her clothes at one or the other instead of at the Touraine Shop. Between these two stores was the Compton School of Modeling.

As we were walking down Huntington Avenue a very large building caught our eye. It was the Gilligan Motor Scooter Co. We decided to go in and see "Dag", only to learn that she was having a vacation in France.

Nearing Symphony Hall, we noticed large posters announcing Marie Kubik as the piano soloist that afternoon, which lured us inside. We were led to very comfortable seats by the head usher, John Loud. We ran into Andy Patterson during intermission and learned that our three-engineers, Evelyn Jones, Bob Johnson, and he, were planning to rebuild the Weston High School Assembly Hall. He also told us that Mimi Sargeant had become such a cultured Bostonian that she was the head of the Watch and Ward Society and had banned Irene Havey's new play that was to have opened at the Schubert. (That was quite different from the praise Mimi gave to the new children's book that Barbara Travis had illustrated.) Andy also told us that Joanne Ragan was on a tour of South America starring in her new play, and that Harriet Howell went along with her as Joanne's Spanish interpreter. Andy said that Charlotte Gale was back in California and refused to move.

The next day we decided to go to New York. We learned that Preston Maron was also an engineer; he was piloting our train. We went to the opera to hear Jay and Margaret, who were starring in Gounod's "Faust" at the Met. And Jay **wasn't** Faust! After the performance we went backstage to see the stars, and met Frank Parson, New York's most eligible bachelor, and most persistent Stage-door Johnnie.

Our last trip was to Europe. We had our choice of taking the Harold Coburn Steamship Lines or the airline where Connie Emory was chief stewardess. Since we were in a hurry to attend the Olympic games, we flew over, but, for the sake of peace, resolved to sail back.

At the games we saw Lucy Leatherbee, cheerleader for the United States; Bunny Williams, director of a Unitarian workcamp; and Dot Sheehan, now medical secretary to Conrad Schofield, D.M.D. Oh yes, the United States won by ten points, thanks to Westie Blake's winning the ski championship.

Even after all these surprises, we were quite pleased with the outcome of our class.

Sincerely yours,

Judie Arnold, M.D.

School Play

This year the school play was "The Fighting Littles", the story of a father who couldn't understand his teen-aged daughter. As he remarked to his wife:

"One day you have children. They're very nice. You love them. You think soon they will be charming young people and presently adults. But no, when they stop being children they become men from Mars—but you still love them . . . . '"

Jay Schlaikjer played the father, with Joy Blaney as his daughter. Dotty Anne Gilligan, the mother, tried to keep peace, a job which was made even harder by Arthur Coburn, as the young son. Others in the cast were Robert Johnson, Betsey Shaw, John Loud, Nancy Flint, Evelyn Jones, Dorothy Sheehan, Robert Brownell, Judith Arnold, Charlotte Gale, Barbara Travis, and Margery Morgan. The audiences thoroughly enjoyed both fine performances.

Few of us will ever forget Friday, May 11, 1946, the date of our Junior Prom. After many weeks of exciting but careful planning for the most important social event of our junior year, the long-awaited day arrived.

The afternoon of the Prom was spent climbing under fences, gathering apple blossoms, and arguing over the decorative scheme. It seemed we would never have everything arranged but that evening, among apple blossoms and rose trellises, Ken Reeves' orchestra chose Lucy Leatherbee as queen. Her court included Miriam Sargeant, Connie Emory, Dottie Sheehan, Sally Ann Bolster, Beverly Hastings, and Merithew Hills. The queen and her court were crowned with floral wreaths by Joe Studley and Frank Parson, presidents of the Senior and Junior Classes, respectively.

The Class of '47 feels that its Junior Prom made a lasting impression on everyone who attended it.

THE STUDENT COUNCIL

This year the Student Council got under way during the first week of school with last year's members until the new ones were elected. One of the first things it did was to set up the auxiliary table in the lunchroom, on which milk, ice cream, cookies, etc., are sold. This has worked extremely well and has speeded up the lunchroom lines considerably.

As soon as the new members of the Student Council were chosen, then the council held its own elections. The following officers were elected: President—Weston Blake; Vice President—Andrew Patterson; Secretary—Joy Blaney.

About the first thing the council tackled this year was the five-minute checkout period at the close of the day. This idea had been reinstituted at the beginning of the year, but the council felt that it was inadvisable. It presented its plan for cutting this out and the faculty agreed to try it out for a week. Since it worked out all right, this plan has been continued in action.

A committee under Frank Parson supervised the work of amending the constitution to the effect that there should be only two reports to the student body during the year instead of four. This amendment was ratified by the student body.

A three-fold plan of getting teachers' lunches, slowing down the running on the stairs at noon, and taking studyhalls, has been worked out by the Student Council members. On the whole this plan seems to be working very well.

The biggest job undertaken by the Student Council this year was the CARE program. For a period of three weeks appeals were made for contributions, and the council arranged for a speaker on CARE to appear in assembly. The elementary schools also contributed, and a total of $150 was collected, enough to send fifteen packages to Europe.

A joint meeting of the Student Council and the faculty was arranged, in which several issues including cheating and the possibility of longer school day were discussed.

SCHOOL MAGAZINE

This year we decided to have a school magazine, and a contest was held to find a suitable name for it. Andrew Patterson won by submitting the name "Chanticleer." The editor-in-chief, Jay Schlaikjer, and an able staff worked diligently to produce the first issue. It was hard work for inexperienced people, but they turned out a magazine of which we can well be proud. We hope that the magazine will come to have a more and more important place in school life as the years go by, so that it will become a firmly established tradition.

DISCUSSION CLUB

Whenever possible during the school year a group of enthusiastic juniors and seniors gathered in the living room of Mr. Cummings to drink tea and discuss timely subjects.

At two meetings this year, cheating in school was discussed at some length, and discussion on different religions also proved very worthwhile. Other topics were socialized medicine, the Palestine situation, and private schools.

Discussion Club has only three rules: no personalities, no side-talk, and wash the cups afterward. These rules have been enough to make our meetings interesting, enjoyable, and profitable.

FOOTBALL

During the blustery fall of 1946, Weston burst forth with a high-spirited football team for a win over Foxboro, and remained victorious for five straight games. Although Captain Tony Melone and the team met rather discouraging losses in the next three games, their spirit was not quenched, and they achieved a fine win over St. Charles.

This heightened the anticipation for the much talked of Wayland game. Even though we lost, the team fought well, and the large crowd in attendance watched an exciting battle.

All in all, Captain Tony Melone has done a fine job leading his team through a season of only four losses as against six victories.

BOY'S BASKETBALL

The opening games started this year's basketball season rather badly, but the Westwood game proved that we could come through with a startling victory. Exciting battles ensued, especially in the game with our traditional rival, Wayland. This game, which we lost by one point, was one of the hardest fought contests in which Weston has ever participated. Since all of last year's championship team had graduated, and this year's team was composed almost entirely of inexperienced players, we feel that they have made a grand showing with their spirit and ability.

BASEBALL

Captain Frank Parson and the team are looking forward to a prosperous season this year. The six returning letter men and last year's second team will provide Coach Proctor with an abundance of talent. The schedule, which provides for eleven games, is highlighted by two contests with Wayland. Two dates are still open as we go to press.

The team, due to unfavorable weather has not had formal practice as yet, but with better weather and a few breaks, we are sure that this year's baseball team will give a good account of itself.
